Assessor Comments	A nice line of young Angus Steers by Glen Morgan and Borrigal sires. Steers were purchased as calves on cows out of Northern NSW. Calves have been properly weaned and handle extremely well. Steers are ideal to grow out to feeder or export weight if given the right opportunity. Running on short green pastures these steers will present in store condition and will go forward. Complete drop of Angus Steers. Also offered in this sale are 38 heifers of the same description.
