Assessor Comments	Very good quality weaned Angus heifers from one of the better herds in this district. Heifers with all the attributes and breeding to make for front paddock cows alternatively they have the frame and conformation to perform on grain or grass. These heifers present in fresh condition and have had no set backs.This herd has undergone a heavy culling regime in the last few years and that shows through in the heifers. A large tail has been taken out, there is another two lots on offer by this breeder as well as another local district lot.
