	Weaners were a pleasure to handle working well through the yard and race with only small % becoming slightly agitated in crush but settled quickly once being returned to mob ,hefs have had an extensive weaning programme in yards and tailing out in pdk and it is a credit to the Vendors the temperament of these heifers.

Assessor Comments	Buyers a great opportunity to secure a Bdouble of VGQ No 5 EU weaned heifers out of Large framed Xbred Cows by Moongool Simmental , Gidyea Brangus and Ultrablack and Valeravale Droughtmaster sires, they show great length, bone and softness with tremendous weight for age and would be Ideal to take through to Lucrative HQB EU Slaughter weights or Heavy EU feeders. Alternatively they show all the feminine characteristics to be an asset to most breeder herds ,all the hard work has been done with extensive yard weaning and educating in paddock so heifers are ready to power ahead on grass or oats. The Biddenham cattle have a very good reputation and always sell to repeat buyers when normally sold at heavier weights. Please note some show some very small weaner horn due to dehorning miss at branding , One has Roman nose and 2 have slight blight scarring in one eye, neither considered detrimental . Vendor has 4 decks of brothers in the same sale.
