Assessor Comments	A Good quality line of Cross bred steers that are ideal feeder steers or great articles to finish off on a oat crop. Steers were purchased as light weaners back in Aug/Sep of 2024 out of the Hunter Valley and Casino regions, Steers have grown out well and are now ready to be finished. Steers are set to go immediately forward given the right feed in the paddock or at the Feedlot as they are at the right age and are all frame that offer great compensatory weight gains, steers weighed between 370 to 480 kg averaged 406 Kg's full at assessment. Grass fed and Anti biotic free, steers tick all the boxes for future markets. Steers are apart of a larger mob for sale, there is 236 steers on offer over three lots. Great feeder types not to be missed.
