## Traits

2 Head Eye Scar

**Assessor Comments** B-Double of March/ April '24 drop Lawsons Angus blood steers. Weighed 400kg+ to average 418kg full (400-461kg) at assessment. Normally grown out to the top end feeder weights but selling early this year due to the failed autumn. These steers have been purchased annually for the past 5 years ex R & S Cameron at Penshurst, Victoria (all one-mark). Exceptionally well-bred steers with a large focus on IMF and growth with recent feedback validating the breeding direction. Steers that haven't had a setback, but weight gains have slowed, and present with age and in ideal condition to jump ahead on feed or background onto heavier weights. Offering c/kg & \$/head bidding options, if buying c/kg truck to be weighed first at Billimari weighbridge (20km away). Please note; steers have had first shot of Bovilis MH + IBR and vendor can be flexible on delivery dates to work in with feedlot intake schedule if prior arrangements are made.
