Assessor Comments	A nice line of 45 x Nov/ Dec 2024 Drop weaned steers. The calves are bred by Rennylea Sires out of cows purchased from the renowned MHPF herd at Walcha, NSW. Purchased from MHPF as classed in breeders, the cows were sold in 2024 as they scanned in the last 4 weeks of the calving window. The main drop of steer calves is being offered less a small tail that was removed at assessment. They present well as a group, are healthy in the coat and will offer buyers plenty of weight gain given the right feed. Young calves that have excelled given the dry summer and autumn in the Goulburn district. A great opportunity to purchase light calves to take advantage of a strengthening cattle market, plenty of value on offer. Buyers note: Faithful & Co will offer another line of 45 x weaned heifers.
