Assessor Comments	An excellent line of 52 x Aug/ Sep 2024 Drop Angus Steers. A high quality line of steers that are by high indexing Hazeldean Sires bred from a large framed cow herd based on Hazeldean and historically Rennylea blood. The steers exhibit excellent weight for age and will grow into impressive feeder steers or suit a finisher looking to capitalise on the genetics and potential of the steers. Currently grazing a barley crop the steers are doing very well and will continue to perform up until delivery. Tops of the drop, the steers are normally sold direct to the feedlot, however the short autumn requires their sale. Highly recommended steers with bone and muscling a feature.
