Temperament

Quiet: 28 head Slightly Stirry: 2 head	Quiet: 28 head Slightly Stirry: 2 head	Temperament not assessed in Paddock

Handled well while on their mothers and once drafted off flowed through the yard calmly. In a big yard they are still fresh however with handling up to delivery they will settle much more, they are quiet calm cattle by breeding- no bad tempered cattle tolerated in breeder herd.

Handled With	Bikes , Dogs , Horses
Assessor Comments	Buyers here's a neat load of Supermarket suitable backgrounder Heifers, they are bred by big boned, long, thick sires and out of a very functional large and medium framed cow herd, while being bred in Tordoned forest country. These Heifers are bred to perform by using great sires from Dangarfield Santa, horned Herefords from Sowden Farms and locally sourced Shorthorn sires. The vendor has retained a similar quantity of their sisters as replacement breeders and offer these as 'surplus to requirements'. With this being known these heifers show plenty of growth for age, bone, softness and temperament. These yard weaned heifers are EU Accredited & PCAS eligible, there's plenty of frame showing in these heifers & they're sure to grow out to solid trade or export feeder or slaughter weights. These weaners will be plunge dipped in a Tixafly dip prior to delivery. This vendor also has 92 steers being offered in this sale which would make a neat 3 decks. I highly recommend this line of weaners.
