Assessor Comments

Buyers on offer is a fantastic line of lightweight store condition steers ready to power ahead. These steers are out of a very good cow herd by top quality Charolais & Angus Bulls. They are in the ideal condition to go onto Oats to grow out to feeder markets. They show exceptional muscle and shape and will grow into fantastic feeders. They are soft enough to suit all domestic markets or would grow into fantastic heavy feeders. This is a great opportunity to purchase lightweight store condition cattle that are very hard to come by. The straight Hereford Steers were purchased on Cows & Calves from the Hauff Family at Blackall. The weaners are noted performers and are sure to impress buyers. Please note the vendor also has 18 Heifers in the same sale.
