Steers were good to handle. Flowed well through yards and up into crush to be weighed, mouthed and handled. 6 were

	assessed as stirry as they became agitated when mouthing yet settled down once pressure was released and placed back to mob. All round easy to handle steers with persons with prior stock handling knowledge.
Handled With	Bikes , Dogs , On foot , Vehicles
Assessor Comments	A good run of 41 Crossbred HGP Free steers in forward condition coming off native Buffel, Mitchell grass plains. Steers were weighed after 5km walk and a big curfew in yards. Please note 2 steers with pink eye scarring. Purchased ex the breeder Steers have done well over the autumn season offering great potential with plenty of frame ready for a better ration to top them off into heavy feeder steers or to slaughter weights.
