Comment on Fat Score 1 Cattle

Most are score 1's and are fit to travel any distances without any problems.

Vendor Bred

Stock History

Lifetime Traceable

Bloodlines

Yes

Bred out of a good quality herd of Red Angus females.

100% of cattle in this lot are Lifetime Traceable

All by registered Red Angus bulls purchased ex: Anama (SA). The genetic gain from introduction of these sires is really starting to be noticed.

Grazing Conditions

Bred in traprock country and currently have access to a good body of summer grasses that still has plenty of green in it from a very good summer season. Still in the weaning process and being fed good quality hay in the yards.

Returned to: Will remain in yards on rye grass and sorghum hay until delivery.

Burr/Seed in Coat

Noogoora burr on the head, in the coat and tail brush on most steers.

Vendor Comments

The annual turnoff of surplus heifers. Past buyers have expressed considerable satisfaction with the performance of these cattle.

Joining Details	Not Station Mated		
Any Access To Bulls or Stags?	Yes, last access to bulls/stags: 10/06/2025		
Joining Access Details	Exposed to bulls as followers on the cows. Highly unlikely these would have been cycling due to weight and age however no guarantees can be given.		
Temperament	Yards	Crush	Paddock
	Quiet: 24 head	Quiet: 23 head Slightly Stirry: 1 head	Temperament not assessed in Paddock
	These have quietened down very well since weaning commenced with all the bellowing for the cows pretty much gone. Most handled very easily at assessment through the crush & in the race however there were the odd few that were a bit keen in the race. They had never been through the race prior to assessment, and they behaved like they had been up there numerous times. Very quiet out in the bigger yards when being photographed and videoed. They do respond well to bikes and dogs in the paddock.		
Handled With	Bikes , Dogs		
Assessor Comments	Buyers, a small line of Red Angus heifers PCAS ELIGIBLE that come with a very good reputation and have attracted repeat buyers who have commented that these produce above average performance. These will suit restockers to grow out and background for domestic feeder markets. The hard work of breeding and weaning them has been done. Heifers are very clean in the muzzle with no nasal discharge that is sometimes prevalent in weaners at this time of year indicating good health. These heifers have definitely not suffered any setback at any stage of the life so they really should hit the ground running. They are much lighter than the steer portion but I think these would be just the younger heifers in the drop. These are bred on lighter country, history would suggest they will really hit their straps if they are exposed to crop or winter herbage on heavier improved country. Numbers are down this year due to a reduction in breeding females. There are also 72 lightweight steers in this sale.		
Assessor	Bob Jakins (Level 1 Accredited) Phone: 0419 788 366		
Delivery Period	23/06/2025 to 25/06/2025 (3 days)		
Delivery Point	"Warroo" yards located 42kms S/E of Inglewood or 70kms west of Stanthorpe. Lat: -28.5404817257707 " S Lng151.349199260629 " E
