Heifers worked well through home yards during assessment. Heifers were drafted and worked through the back yards into force and race by a lady without drama. Small % of heifers became unsettled in race when pressure was applied and in

	crush while being weighed but resettled quickly once released back into mob. Please note; If heifers were in a foreign environment and being handled differently, they could become more unsettled.

Assessor Comments	38 good quality EU accredited Angus x Angus weaned heifers presenting in healthy store condition that have an estimated average delivery weight of 249.7kg. A line of well bred heifers showing plenty of bone and type that would be ideal to feed for the domestic market or the export EU market or could be retained as future breeders. Heifers have been taught to eat in the paddock. Please note; Temperament comments. Same vendor has 3 other lots in this sale.
