| Assessor Comments      | Good quality vendor bred lead 34 of 60 weaned pure Angus steers. Steers show good growth and bone and are ideal to grow out into the lucrative heavy Angus export feeder market. Would also suit high end domestic markets. Odd steer showing old pink eye scarring and odd one, possibly 4 with slight ringworm scar. Neither of these are detrimental to the cattle.                       |
