Notable Traits	Traits 1 Head Glazed eye 1 Head Heavy pink scaring in one eye, still holds vision. 1 Head Light pink eye scarring in both eyes, still holds vision in both. 1 Head Old grass seed lump on head 3 Head Old Pink eye scaring in one eye		
Assessor Comments	A good quality line of yearling steers that are all frame making excellent backgrounders. Purchased as weaners from the well renown herd of the Marwood families from Kingston in South Australia, steers are from a majortley big framed Simmental / Hereford cross herd that are a base of Quality Woonalee Simmental Genetics, the different family run farms have started to use Pathfinder Angus Genetics through the herd over the past 6 years resulting in a black to Black baldie infused steer in the offspring. Steers Originally went too a lease farm at Booligal in south western NSW where it became hot quickly & water issues forced a move up to western NSW just recently. Steers are growing out well given the circumstances & the nutrition of the feed in pervious months, Given a stable & constant good body of feed these steers should bounce a way and get to feeder weights quickly. Bred from quality Genetics these steers are ideal backgrounding cattle that can only one way !!!
