Super quiet natured calves, typical of the breed, and being bucket reared.

Handled With: On foot , Vehicles

Assessor Comments: Perfect little lot of lawn mowers for the Orchard! All the hard work has been done with these boys. Properly reared on the

	bucket for 12 weeks, then started on pellets, pastures & hay. These would be the ideal lot of calves for someone wanting a low cost investment to let tick away in to a promising looking Spring, with only a small, easily manageable appetite - so they won't eat you out of house & home while the pastures get going!
