Assessor Comments	A neat load of Angus steers that have massive up side. These steers are well bred and offer a huge compensatory weight gain opportunity, they are all frame and will really respond to good feed. These steers were purchased out of the Naracoorte & Mortlake February store sales and would normally be taken through to feeder weights, only selling due to seasonal conditions. Please note Steers are light in condition. They are being well fed and Stock trans mineral blocks have been added to their water to assist with transport.
