Weaners were worked through the yards, draft and race at assessment. Cattle flowed well with on the odd steer stirring in the crush but settled once back in the mob. Some of the steers have been in hand for up to 6 days prior to assessment & have endured a good truck ride to yards from outer station yards.

Assessor Comments	Buyers an opportunity to buy a run of 72 VGQ PCAS eligible Crossbred X Steers that are being offered delivered to Roma or Morven yards. These steers have all the right bloodlines and genetics and are best described as large frame relative to age. Steers are in the process of being educated by vendor through yards & have endured a good truck trip prior to assessment.
