Assessor Comments	32 Good quality, EU Accredited, NSM, Angus Yearling Heifers presented in forward store condition and weighed 322 - 396Kg full at assessment. Projected liveweight average of approximately 339.8Kg after a 5% curfew is applied. One heifer has white underline past the navel. Please see photos. Heifers that would normally be retained and joined back into the					

vendors breeding herd. Conditions at the moment are wet and cold so the vendor has decided to sell the middle run of heifers to lighten off. The perfect opportunity for anyone looking for potential future breeders with performance in their bloodlines.
