Assessor Comments	A nice of EU Angus steers are grass fed and antibiotic free. Steers are predominately Booroomooka blood bred from a self replacing cow herd. Vendor has spared no expense purchasing top quality genetics. Steers all up to date with drench and vaccinations. Steers aren't carrying any excess condition so given the right opportunity should continue to go forward. Steers have plenty of frame to work with. Please note 2 steers marked later then others but don't show secondary male characterisers
