Assessor Comments	A nice little line of Angus X heifer weaners. Weaned back in early February they are very quiet calves to handle. Worked around the yards with little to no fuss. All frame and carry no excess condition at present after the tight seasonal conditions experienced across the district. Would be a very attractive line to put away as we head towards next spring which will be here before you know it. If you have the grass they will not disappoint. Heifers NLIS tags were scanned at assessment so happy to do transfers for you free of charge. .
