Assessor Comments	A/c Glen Valley Pastoral, Tintaldra Victoria offer 19 top quality steers that are 9-10 months. Bred in the Upper Murray and sired by Rossrich & Jarobee Angus bulls. The Glen Valley program have been using leading Angus genetics for several years, influenced with a small percentage of Hicks black composite blood from cows purchased in. This infusion does no harm at all with a small percentage of these steers showing slight composite characteristics. These steers are of excellent quality in fresh forward store condition and are vendor bred, grass assured and weaned, they have also been given all the veterinarian treatments to continue to power ahead. Please note steers are normally grown out into heavy feeders but due to the tight seasonal conditions in the Upper Murray these steers are being offered now. A small tail was removed at assessment. Please also note vendor has one other lot of 52 Charolais x Angus Steers in the same sale
