Assessor Comments	Here's your chance to purchase a smart line of one mark vendor bred Angus weaned steers. Bred by the Nixon family of Macclesfield Pastoral these steers will not disappoint, showing great softness as well as good bone. July August 2024 drop, weaned in April and have not looked back since. These steers are pure Dunoon blood, sires are selected for growth and carcass qualities. They would suit a feeder program or run on for a grass fattening job. The steers behaved very well while being assessed and moved throughout the yards quietly.
