Assessor Comments	*A Quality line of PTE Store Feeder/Background Angus/Simm X Heifers* 44 x Angus/Simm X Heifers weighed 314kg at assessment, September/October 2023 Drop, Store condition, Medium/Large Frame. All Heifers are bred from a Large frame Angus cow by Black SIMM & Angus/SIMM X Bulls ex Woonallee. The heifers were pregnant tested empty 8 weeks ago and have been running on a property with no access to any bulls or stags. The compensatory weight gain on these heifers is enormous given they are mature, Strong healthy store and carry a lot of frame. A random 30 heifers were mouthed and all showed strong milk teeth. Come with my recommendation.
