	Slightly Stirry: 1 head	Slightly Stirry: 1 head	
Handled With	These cattle worked well through the yards and generally stood quietly in the crush while all were individually weighed. Bikes , On foot , Vehicles		
Assessor Comments	Offering 20 PTIC heifers and young cows. These heifers averaged 426 kg live at assessment after an overnight curfew. These heifers are all young and mainly branded No.3 with one cow sighted with a No.1. The heifers were all vet PTIC 1.5 to 3.5 months a week prior to assessment and are identified with a feather bang tail for 6 weeks plus or a painted shoulder for the heifers that are only 5 weeks in calf. They are a mixture of vendor bred and purchased in heifers that are going to calve outside the vendors normal calving. One heifer in the mob was sighted with a full udder but has recently had a weaner taken off her. Please note there are another 48 red tag heifers in the same sale from the vendor that may help with trucking.
