Assessor Comments	A Quality line of well bred Angus PTIC young Cows that are due on their third calf and are bred from herd that has a foundation of Kilburnie Angus bloodlines. These rising 4 year old young cows are large frame females with softness, length and femininity. A regrettable sale only due to a reduction in herd numbers due to a change in direction. Joined as apart of their normal program cows will commence calving from mid July onwards. Cows were joined to Good Quality Tandara and Branga Plains Angus bulls. A great opportunity to buy line of replacements females that offer sleepless nights, Cows that produce quality calves year in year out, steer calves this year sold to a top of \$1420. Don't Miss !!
