Assessor Comments	Offering a quality line of young proven breeders in the prime of their life. Cows are bred out of Yarram Park Herefords by the Banquet Angus bulls. They are a good structurally sound line of medium to large framed females with their 2nd calf at foot, they are strong bodied cows, carrying an abundance of milk. They are well handled and are up to date with all health treatments. Calves have received their first dose of 7in1 and have been marked for buyers convenience. Please note 2 steer calves were treated for pink eye at assessment. Also please note, all bathurst burr was sprayed on the property
