Assessor Comments	Pretty faces, smooth coat, long bodies and exceptional temperament; that's what's on offer on behalf of the McKenna family of Byawatha! The cows are 1st to 3rd calvers and are doing an outstanding job with their young calves. With a background in Waygu breeding and genetics, the operation frequently uses their Waygu bulls to join their pure Angus cows which is exactly what has happened here; resulting in 15 Waygu/Angus calves. Calves are sired by Beechworth Kin Mitsuro (please see bull figures in photos). These Angus mothers haven't been re-joined leaving the successful buyer to add to an existing breeding program and join to a bull of their choice whether they so desire. With the hard work already done, an opportunity has presented itself here for the buyers to purchase long bodied, fantastic temperament, well structured young cows with sappy, fresh Waygu/Angus calves at foot. Please note the calves were marked and vaccinated at assessment.
