Assessor Comments	A great line of well bred spring drop PTIC Young, EU accredited Angus Cows (Rising 4, (42) and 5 ,(15) year old). PTIC to DOLLAR ANGUS BULLS to calve for 8 weeks from first of AUGUST. These cows are medium to larger framed in good store to forward store condition. Cows are well bred and are the tops of both age groups with approximately 25% of smaller lighter cows retained. Would power ahead on good feed as season has been tight in the South West.
