Assessor Comments	Lovely line of 12 vet preg tested in calf heifers, in calf to a droughtmaster bull purchased out of the Diamond Genetics Droughtmaster sale. All vendor bred these heifers would be an asset to any breeding progra,, all year branded 3s have their whole lives ahead of them. Heifers have been pre treated for ease of movement into clean country but it is at the buyers expense. Please note a couple heifers did stir up in the yards/crush, and also note the preg test was done by a vet on the 11/4
