|                                       | Cows were good to work in and around cattle yards. Odd cow did stir up due to being mouthed though once pressure was taken off they settled.                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |            |                          |         |

| Assessor Comments                     | Buyers on offer is the full herd dispersal of the Airlee Stn Agistment cattle 40 Xb ptic cows weighing 310-496kgs to Ave 401.3kgs at assessment. Cows present in forward store condition and have been grazing native pasture and doing very well. Cows are preg tested in calf to high quality Reannylea Angus bulls to commence calving 20th of July for 10 weeks. Cows have picked up in condition since calves were weaned in April where the weaners sold for over 500 cents per kg. Cows would be ideal to take home as a trade or keep as a commercial herd. Please note this vendor has 4 lots in this sale. |            |                          |         |
