Assessor Comments	A very nice line of Cross Bred cows PTIC to the Booroomooka Angus Bulls. Cows present in great condition, all having their calves weaned in early May. Progeny from these cows has been retained every year and grown out to heavy feeder weights. Cows are good to handle with all being drafted through the round yard and pregnancy tested before assessing. Ideal cows to retain in the herd or calve down and fatten. Cows all have Red PTIC tags on, with the 2 Blue taggers removed from the lot.
