Assessor Comments On offer is a line of Millah Murrah and Springwaters Angus blood heifers PTIC to low birthweight Waitara Angus sires (SO12 & SO53). To commence calving late July. These heifers are showing all the right characteristics to go on to be top breeders of the future and also great temperament. With good growth and depth of body these heifers show that they should grow out to good medium framed cows. Please note 2 heifers with slight white udders and 1 heifer with a slight white fleck through coat on left hip. 1 heifer with pink eye scarring not detrimental.
