Assessor Comments	A Wonderful Line of 124 PTIC Angus Heifers to be offered in 2 Lots of 62. These Heifers are in calf to LBW Yukon Park Angus Bulls and at Scanning they later calving Heifers were removed from the main lot to shorten up calving. These Heifers would be a great investment for someone looking for quality young females, please note there are 2 heifers in this lot with a very small patch of white on them and a very odd heifer with a very slight eye scarring that doesn't affect them at all. These Heifers will be pregnancy scanned again prior to delivery as an extra Guarantee
