Notable Traits	Traits 1 Head Light Fly Rub on neck		
Assessor Comments	Buyer, an opportunity presents itself to purchase a quality line of 40 PTIC Commercial Wagyu breeders from the Cherwondah herd carrying 20+ years of breeding history and carcass data collection behind them. The group is made up of 7 PTIC Heifers, and 33 predominantly young to middle aged cows comprising of 28 Purebred females with the balance 12 head being F3. These females have all been preg tested in calf by a registered vet to full blood registered Wagyu bulls, with calves due to be born from late July through until October, allowing them to suit a spring/summer joining period. The sires of these females have all produced a good number of marble score 9s, with averages in the 7s and 8s. Please see attached in the link sections for access to joining sires EBV's. Progeny of these females have produced high-quality carcass data, of which can be sent to intending buyers upon request. Buyers overall a great chance to secure some genuine quality breeders with plenty of production left.
