Assessor Comments	Yarrinup Station offer an even line of 9 - 12 year old PTIC cows. Cows are all sound and more than capable of raising another calf or two, they are only offered to the market due to the continued dry season experienced throughout the region. Cows are proven breeders and given the opportunity they will produce another quality calf for the successful purchaser. Please note cows were preg tested on the 27th of February and will be re-preg tested prior to delivery so you can bid with confidence.
