Assessor Comments	A good opportunity to purchase a good line of Angus and Angus X Heifers. All Heifers have been well weaned and handled and would be a great article for a backgrounding program looking for Heifers to suit the Domestic feedlot markets in the Winter months. Heifers present in good healthy store condition and look to have been heavily affected from Buffalo fly. I would recommend treating these Heifers for opportunity for compensatory gains to be had. Please note the same vendor has 38 of the Steer portion available in the same sale.
