|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Assessor Comments      | 46 very good quality vendor bred, EU weaned Angus steers. Steers are bred using reputable Knowla & Booroomooka bulls. Steers were a pleasure to handle, carrying plenty of bone, softness & carcase. Previous years the steer from vendor have performed extremely well on pasture/crop & grain for buyers.                                                                                  |
