Assessor Comments	Angus steers ready to really go ahead if given the opportunity. These steers range from 279-349kg at assessment and should go onto meet most market specs. Steers are by vendors own Angus cows or cows originally purchased as cows and calves. There were 3 steers seen with varying degree of blue eye scarring, this includes 1 steer with scarring in both eyes, please note steer is definitely not blind. Steers were quiet and easily handled with the occasional steer becoming slightly agitated on the scales, quickly calming once removed.
