| Assessor Comments | A nice line of weaned Angus steers, all AI sired calves from the high quality sire in Hazeldean Q1580 out of an extremely well bred herd of cows who carry genetics from both Hazeldean & Te Mania, These steers present in line with seasonal conditions with a dry summer behind them these calves will bounce away if shown some crop or green feed. They are bred to perform on crop or in the feed yard. Ideal suited to take through to a range of feedlot entry weights or to a Grass/MSA processing job. Odd Steer with old pink eye scar not detrimental to sight. Vendor has another line in the same sale. |
