Assessor Comments	A nice line of unweaned Speckle Park Sired steers, all AI calves from the high quality sire in Wattle Grove Player P201. These steers present in line with seasonal conditions with a dry summer behind them these calves will bounce away if shown some crop. They are bred to perform on crop or in the feed yard. Ideal suited to take through to a range of feedlot entry weights or to a Grass/MSA processing job. Odd Steer with old pink eye scar not detrimental to sight. Vendor has another line in the same sale.
