Assessor Comments	An exceptional opportunity to secure an outstanding line of the Oaklea Trust Ewe Lambs bred by the Pegler family out of the Stud Composite Ewes. All Ewe lambs are sired by the Cashmore Oaklea Stud Rams and are in the Top 1% band on Lamb Plan. The mature ewes in the flock have consistently weaned lambs at a rate of 160% with the breeding focus firmly fixed on fertility, weaning / growth rates and worm resistance. All ewe lambs in this line are twin or triplet born. These Ewe Lambs will be sound breeders for many years to come and would be an asset to any flock, they come with my highest recommendations. They have been weaned at assessment and will continue with explosive growth in any environment. Please note Lambs are in a line of 1150 and will be sold as a "run out the gate" in lines of 230. 5 lines of 230 will be offered in this sale.
