Assessor Comments	A draft of Young 2 year off, sound Cashmore Nudie breeders held for this sale. These ewes have come thru a high stocking rate system exhibiting hardiness & the ability to produce annually. Excellent ewes to found a high performing shedding self replacing flock. The Cashmore Nudie rams used were selected for Fertility, good early growth ,high worm resistance and strong Shedding Traits (< 1 on shedding score). These ewes are good sound breeders that have withstood the rigors of the high performance, high intensity system they have come thru. Approx 80% of these ewes are ex stud ewes which makes them elite for their breed. NB High % of ewes have tails.
