Assessor Comments	Acc D & G Handreck Offering 123 Nudie ewe lambs. These young future breeders show all the possible traits you would want in a Nudie ewe. Clean shedding, good fat cover and most have black or stripped feet. The vendor selects sires based on clean shedding ability, high fats and muscle and fertility as Rams need to be born and raised as twin at worst. 100% of the ewe lambs were assessed and ranged between 27-48kg to 36.5kg. They have been running on a phalaris and clover base pasture with a lick feeder that has barley in it.
