Assessor Comments	A good run of preg tested in calf store cows. These cows had weaners pulled off them at assessment & have done a great job on their calves and held up well in a tough season. Cows are mixed age and are not age identified but were mouthed 100% sound at assessment. Predominantly medium frame, odd small, odd large. They are in calf to good quality Millwillah Angus bulls to calve approx. Sept to early Nov.
