Assessor Comments	Opportunity to purchase a very good line of Wirruna blood cows with calves at foot. These cows were purchased off Wirruna as PTIC heifers in the spring of 2023. The cows are large framed and are very easy to handle. They are also doing a great job on their calves. Finally these cows with calves at foot would suit a producer who is looking for some very good quality cows and would tick all the boxes in my opinion. NB there are two sets of twins in this lot. Also the daughters of these cows are also being offered for sale in todays weaner and yearling sale.
