Assessor Comments	Brookside offers line of 26 large Angus cows with calves at foot. These quality cows are Banquet/Anvil/Temania bloodlines that are large frame weighing av 750kg. Cows are 4-7 yr old still all very sound and in their prime. Calves are Feb/Mar drop by Sprys Angus bulls and 6 heifer calves are by AI. All calves are marked, vaccinated and management tagged. They were purchased 2 yrs ago on A+ off breeders and he was very selective with frame and size of cows. They present very well and were good to handle.They are quality outfits that dont normally see often on the market but only being sold due to property sale. 1 cow had white on udder. 1 calf had sore eye but has been treated twice and is on the mend. Lame cow in video had cracked her toe at assessment but has all healed and is no longer lame. Buy with confidence these are lovely big frame cows with quality calves.
