Assessor Comments	A small but heart run of Angus PTIC cows. Cow are in forward condition and are in an ideal calving condition. Cows are Anvil/Te mania blood, purchased in as PTIC heifers and are PTIC with their 4th Jackaroo Angus inside. These cows would be a welcome addition to any Angus enterprise or would suit someone just starting out. These cows are only being sold as they are surplus to requirements in a tightening season. Please note: Agent can arrange freight to Riverina with weekly market trucks to Wagga.
