Assessor Comments

A small run of very quiet heifers. Joined mid December 2024 to Wynford Stud Angus bull. Preg Tested 7/5/25 and showing an 8 week calving (12-20 weeks at time of assessment). All heifers were extremely quiet to yard and handle. They would

definitely suit a small holding looking for calm and easy to manage animals or also slot into an established herd. These were intended to be retained but are being moved on due to seasonal conditions. Currently grazing native pasture with supplementary hay.
