Assessor Comments	Offering a quality line of large framed Shorthorn cows and calves, these cows were originally purchased as vendor bred weaners in June 2021 from Jerilderie, and come from a Broome and Sprys shorthorn blood base program. They have since produced very good calves that have plenty of weight at weaning. This is their 4th calf at foot and they are doing a great job, calves at foot are sired by a Jade Park blood Bull and they averaged 140kg at assessment. The calves are EU accredited and have received both 7in1 vaccinations and the steer calves received Meloxicam at marking.
