Assessor Comments	Buyers on offer are an attractive line of 47 Santa & Santa X British & Euro Steers, 338kg at assessment, 10-12 months old. Steers are bred from a herd that uses Rockingham Santa Genetics and have the name for well doing Santa cattle. As you can see in the photos, these steers display superb frame, well boned, great muscle while still being soft and reasonably covered. Ideal Steers to background a little longer, fatten on grass, or prepare for the feedlot in the near future. Buyers, please bare in mind, these cattle are only 12km from the Newell Highway for trucks going past heading North.
